Pioniergeist und Leidenschaft: Die Bibliothek Bernt Ahlström und der Beginn eines neuen Kapitels

Liebe Sammlerinnen und Sammler,
liebe Freunde unseres Hauses,

Tradition zu bewahren bedeutet keineswegs Stillstand, sondern das Beständige mit neuem Leben zu füllen. Mit der 389. Heinrich Köhler-Auktion schlagen wir ein bedeutendes neues Kapitel auf, das zwei faszinierende Welten der Sammelleidenschaft miteinander verbindet: die Philatelie und die Numismatik.

Es erfüllt uns mit besonderer Freude, diesen Schritt mit einem Namen einzuleiten, der in der internationalen Numismatik Legendenstatus genießt: **Bernt Ahlström (1936–2019)**.

Bernt Ahlström war weit mehr als ein erfolgreicher Münzhändler und Auktionator. Er war ein Visionär und Weltenbummler, der die Numismatik früh

Pioneering Spirit and Passion: The Bernt Ahlström Library and the Dawn of a New Chapter

Dear Collectors,
Dear Friends of Heinrich Köhler,

Preserving tradition is never a matter of standing still; rather, it is about breathing new life into enduring values. With our 389th Heinrich Köhler Auction, we open an important new chapter—one that unites two fascinating worlds of collecting passion: philately and numismatics.

*It is a privilege and a pleasure to mark this milestone alongside a name that holds legendary status in international numismatics: **Bernt Ahlström (1936–2019)**.*

Bernt Ahlström was far more than a successful coin dealer and auctioneer. He was a visionary and world traveller who broke through national boundaries early on, becoming one of the first true 'global players' in the numismatic world, connecting Stockholm, Geneva, Düsseldorf, Paris, and

aus nationalen Grenzen herauslöste und als einer der ersten echten „Global Player“ zwischen Stockholm, Genf, Düsseldorf, Paris und New York vernetzte. Wie kaum ein anderer Numismatiker seiner Generation war er im Auktionssaal eine herausragende Erscheinung—überaus sachkundig, scharfzüngig und von tiefem, weltweitem Respekt getragen. Sein

New York. Like few other numismatists of his generation, he was an outstanding presence in the auction room—immensely knowledgeable, exceptionally sharp, and highly respected across the globe. His keen eye for rare coins, his effortless elegance in trade, and his unquenchable thirst for research shaped generations of collectors around the globe.

Erwerb hochkarätiger und herausragender Literatur beginnen!"

Ahlströms numismatische Bibliothek war daher kein bloßes Nachschlagewerk, sondern das Herzstück seiner Arbeit—eine mit großer Expertise und Akribie zusammengetragene Schatzkammer der Informationen, eingepackt in spannender Literatur.

Seine unstillbare Sammelleidenschaft reichte jedoch weit über Münzen und Bücher hinaus: Über vier Jahrzehnte hinweg trug er eine der wohl bedeutendsten privaten Sammlungen olympischer Erinnerungsstücke weltweit zusammen. Dieses außergewöhnliche Ensemble zeugt von einem Leben, das von Entdeckergeist und tiefem Respekt vor der Kulturgeschichte geprägt war.

Es ist uns eine große Ehre, den verbliebenen Teil dieser bedeutenden numismatischen Bibliothek sowie Münzen aus seinem persönlichen Nachlass anbieten zu dürfen. Nachdem andere Teile der Sammlung bereits in früheren Jahren versteigert wurden, bildet diese Auktion nun das finale Angebot aus Bernt Ahlströms Bibliothek unter seinem Namen—und bietet Sammlern somit die allerletzte Gelegenheit, Werke aus diesem monumentalen bibliophilen Erbe zu erwerben. Dieser Auftakt unterstreicht unseren eigenen Anspruch: Auch bei Heinrich Köhler bilden fundiertes Wissen, historische Tiefe und kompromisslose Qualität die Grundlage für jede Auktionsentscheidung.

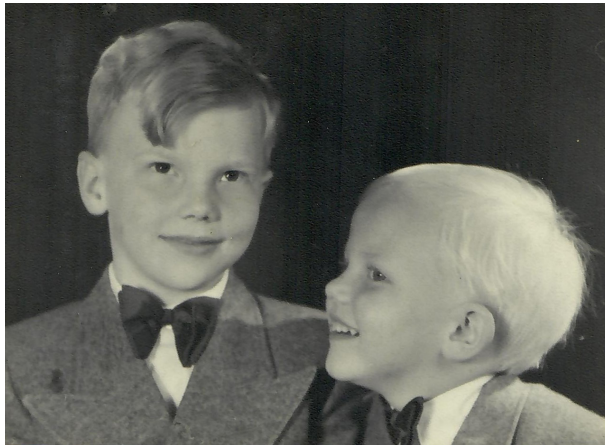

Wir laden Sie herzlich ein, in diesem Katalog zu stöbern, tief in die numismatische Literatur einzutauchen und gemeinsam mit uns diesen besonderen Meilenstein zu feiern.

engine of his life's work—a treasure trove of literature assembled with immense expertise and meticulous care.

His insatiable curiosity as a collector, however, extended far beyond coins and books: over four decades, he built what is widely regarded as one of the world's most significant private collections of Olympic memorabilia. This extraordinary assemblage stands as a testament to a lifetime defined by the thrill of the hunt and an unwavering passion for cultural history.

We are deeply honoured to offer the remaining portion of this landmark library alongside selected coins from his personal estate. Following earlier sales of other sections over the years, this auction marks the final offering from Bernt Ahlström's library under his name—making it the very last opportunity for collectors to acquire works from this monumental bibliophilic legacy. This launch reflects our own core principles at Heinrich Köhler, where rigorous scholarship, historical depth, and uncompromising quality form the bedrock of every auction.

We warmly invite you to explore this catalogue, immerse yourself in the rich world of coins and numismatic literature, and celebrate this remarkable milestone with us.

*Chers Collectionneurs, Chers Amis de la
Maison Heinrich Köhler,*

*Perpétuer la tradition ne relève nullement
de l'immobilisme ; il s'agit plutôt d'insuffler
une nouvelle vie aux valeurs pérennes.
À l'occasion de notre 389^e Vente aux
Enchères Heinrich Köhler, nous ouvrons
un chapitre majeur qui réunit deux univers
fascinants de collection : la philatélie et la
numismatique.*

*C'est un privilège et une immense joie
d'inaugurer cette étape sous l'égide
d'un nom légendaire dans le monde
numismatique international : **Bernt
Ahlström (1936–2019).***

*Bernt Ahlström était bien plus qu'un
marchand et un commissaire-priseur
d'exception. Esprit visionnaire et grand
voyageur, il sut très tôt s'affranchir des
frontières nationales pour devenir l'un
des tout premiers « acteurs globaux » du
marché numismatique, tissant des liens
entre Stockholm, Genève, Düsseldorf, Paris
et New York. Comme peu de numismates
de sa génération, il incarnait une présence
charismatique et incontournable dans
les salles de ventes — érudit, à l'esprit
particulièrement aiguisé et universellement
respecté. Son œil exercé pour les frappes
rares, sa remarquable maîtrise du marché
et sa soif inextinguible de recherche ont
marqué des générations de passionnés à
travers le monde.*

*Pourtant, le véritable socle de son
éblouissante réussite s'est bâti dans la
discretion de son cabinet d'étude. Tout au
long de sa vie, Ahlström est resté fidèle à
un précepte fondamental :*

*« Le savoir est une force, l'information est
primordiale — tout achat d'importance
et la constitution d'une grande collection
doivent impérativement débiter
par l'acquisition d'une littérature de
référence. »*

*La bibliothèque numismatique d'Ahlström
n'était pas un simple outil de travail, mais
bien le cœur même de son œuvre — un
trésor de documentation réunie avec une
expertise rare et un soin méticuleux.*

*Sa curiosité insatiable dépassait largement
le cadre des monnaies et des livres : en plus
de quatre décennies, il a constitué ce qui
est considéré comme l'une des collections
privées de souvenirs olympiques les plus
importantes au monde. Cet ensemble
exceptionnel témoigne d'une vie entière
vouée à la passion de la quête et au respect
de l'histoire culturelle.*

*C'est un grand honneur pour notre Maison
de présenter aujourd'hui la dernière
partie de cette illustre bibliothèque, ainsi
qu'une sélection de monnaies issues
de sa succession. Après la dispersion
d'autres ensembles au fil des ans, cette
vente constitue l'ultime chapitre de la
bibliothèque Bernt Ahlström sous son
nom — offrant ainsi aux bibliophiles et
chercheurs la toute dernière opportunité
d'acquérir des ouvrages issus de ce
prestigieux héritage. Cette démarche
reflète nos exigences fondamentales chez
Heinrich Köhler, où l'érudition, la rigueur
historique et la recherche de l'excellence
constituent le fondement de chacune de
nos ventes.*

*Nous vous invitons chaleureusement à
parcourir ce catalogue, à vous immerger
dans cet univers d'exception et à célébrer
avec nous cette étape historique.*

Espíritu pionero y pasión: La biblioteca Bernt Ahlström y el comienzo de un nuevo capítulo

Estimados coleccionistas, estimados amigos de la casa Heinrich Köhler:

Conservar la tradición no significa en absoluto permanecer inmóviles; se trata, más bien, de infundir renovada vitalidad a los valores imperecederos. Con nuestra Subasta Número 389, en Heinrich Köhler abrimos un capítulo de singular relevancia que une dos mundos fascinantes del coleccionismo: la filatelia y la numismática.

*Es un verdadero privilegio y una enorme satisfacción dar este paso de la mano de una figura legendaria en la numismática internacional: **Bernt Ahlström (1936–2019).***

Bernt Ahlström fue mucho más que un comerciante de monedas y subastador de éxito. Fue un visionario y un viajero incansable que supo trascender las fronteras nacionales para convertirse en uno de los primeros y auténticos «global players» del sector, tendiendo puentes entre Estocolmo, Ginebra, Düsseldorf, París y Nueva York. Como pocos numismáticos de su generación, poseía una presencia imponente y destacada en las salas de subastas: de una erudición profunda, una agudeza extraordinaria y un prestigio universalmente reconocido. Su fino olfato para las piezas raras, su inigualable eficacia en el comercio y su incansable rigor investigador marcaron a generaciones de coleccionistas en todo el mundo.

Sin embargo, los cimientos de su extraordinario éxito se forjaron siempre en la intimidad de su biblioteca. A lo largo de toda su vida, Ahlström se guió por una máxima fundamental:

«El conocimiento es poder, la información lo es todo: antes de realizar cualquier compra de importancia y de estructurar una gran colección, debe adquirirse literatura especializada de primer orden.»

Por ello, la biblioteca numismática de Ahlström no era un simple archivo de consulta, sino el corazón mismo de su actividad: un auténtico tesoro bibliográfico reunido con inmensa pericia y minuciosidad.

Su insaciable curiosidad como coleccionista iba, no obstante, mucho más allá de las monedas y los libros: a lo largo de más de cuatro décadas, reunió la que está considerada como una de las colecciones privadas de objetos y recuerdos olímpicos más importantes del mundo. Este conjunto extraordinario da fe de una vida guiada por el espíritu de búsqueda y el más profundo respeto por la historia cultural.

Nos honra profundamente poder ofrecer la parte restante de esta célebre biblioteca numismática, así como una cuidada selección de monedas procedentes de su patrimonio personal. Tras la subasta de otras secciones en años anteriores, esta venta representa el catálogo final de la biblioteca de Bernt Ahlström bajo su nombre, lo que brinda a los coleccionistas la última oportunidad de adquirir obras procedentes de este monumental legado bibliográfico. Este inicio +subraya nuestro propio compromiso en Heinrich Köhler, donde el rigor académico, la profundidad histórica y la calidad sin concesiones constituyen la base de cada una de nuestras decisiones.

Les invitamos cordialmente a explorar este catálogo, a sumergirse en la riqueza de la literatura numismática y a celebrar junto a nosotros este hito tan especial.

KÖHNE, B. von. Description du Musée de feu le Prince Basile Kotschoubey. 2 volumes, St Petersburg 1857. VIII, 451 pp., 7 plates; 419, XXI, 3 pp., including 5 fold-out plates, plates 8–28, including 6 colour plates. Half-leather with gold-embossed spine, with slightly visible stains. II / Extremely fine. (2x) An extremely rare reference, of which only 100 copies were printed in French, none of which have been offered for sale. Kotschoubey's impressive collection, the second largest after that of the Hermitage Museum, contained many rarities, including coins embossed in ancient Russia, particularly in the Black Sea region, including modern-day Ukraine, the Crimea and the Kuban region, as well as examples of the extremely rare gold staters from Pantikapaion. An important and impressive catalogue. Of delightful appearance in its original binding, as shown here. Köhne (1817–1886) was Director of the Bureau Héraldique in St Petersburg, Director of the Hermitage Museum and an honorary or active member of almost all numismatic societies in Europe. According to our research, a copy of this extremely rare work has been offered for sale only once since its publication in 1857.
